

COURSE PROGRAM

Welcome to a course in Urinary tract and Kidney diseases in dogs and cats!

A two day digital course for the small animal practitioner.

DATE AND VENUE:

26-27 November 2021 (2 days). This course is digital and links will be sent to all attendees in good time before the course starts.

COURSE CONTENT:

The aim of the course is to provide veterinarians with the tools to handle most patients with diseases in the urinary tract and kidneys. It highlights many acute and chronic diseases and also covers dietary management.

Problems in the lower urinary tract will be discussed as well as feline idiopathic cystitis. Management of chronic renal failure in both cats and dogs including diagnostics and multimodal treatment is covered and there will also be case discussions.

Feline hypertension and how to manage other co-morbidities in older cats is also part of the course.

COURSE FEE:

7.500:- + VAT including 2 full days of lectures, course material and a course certificate.

REGISTRATION:

At the latest 20 days before the course starts at
